Re: Petition for Review of FERC Order No. 1000 and Order No. 1000-A

Dear Mr. Langer:

Enclosed for filing is a Petition for Review by the Alabama Public Service Commission, pursuant to Fed. R. App. P. 15(a). The Alabama Public Service Commission respectfully requests review of the following orders of respondent, Federal Energy Regulatory Commission ("FERC"):

1. *Transmission Planning and Cost Allocation by Transmission Owning and Operating Public Utilities*, Order No. 1000, Final Rule, Docket No. RM10-23-000, 136 F.E.R.C. ¶ 61,051 (July 21, 2011); and
2. *Transmission Planning and Cost Allocation by Transmission Owning and Operating Public Utilities*, Order No. 1000-A, Order on Rehearing and clarification, Docket No. RM10-23-001, 139 F.E.R.C. ¶ 61,132 (May 17, 2012).

Consistent with the applicable rules and this Court's Handbook of Practice and Internal Procedures, we have enclosed an original and four copies of the Petition for Review. All parties (or their designated counsel) who were participants in the agency proceeding, as listed on the FERC service list attached to the enclosed Petition for Review, have been served by electronic means. Please be advised, however,

that the check for the docketing fee of \$450 was inadvertently mailed separately. We have notified and been in contact with Deputy Counsel Nancy Dunn regarding the circumstances surrounding the separate mailing of the docketing fee. We will verify that the docketing fee is separately received by your office.

If we can be of any further assistance, or if there are questions regarding this petition, please do not hesitate to contact the undersigned.

Respectfully submitted,

ALABAMA PUBLIC SERVICE COMMISSION
